

THE PROVINCE OF BRITISH COLUMBIA—WATER ACT  
CONDITIONAL WATER LICENCE

The Regional District of Nanaimo, City of Parksville, and Town of Qualicum Beach, are hereby authorized to store, divert, and use, water as follows:

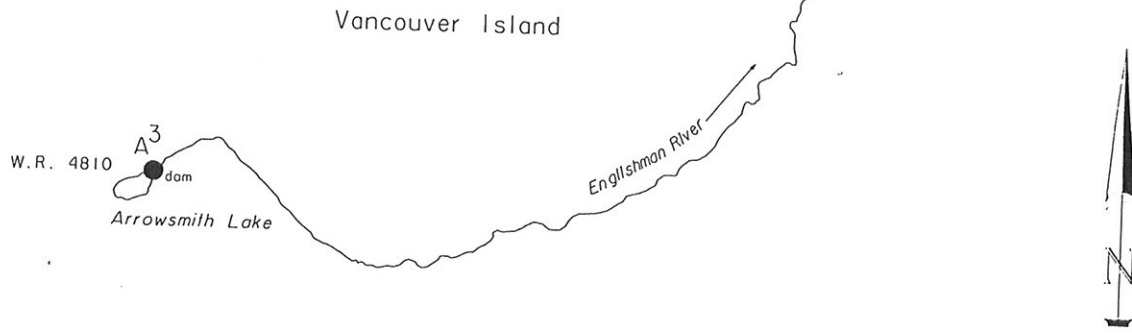

- (a) The source of the water-supply is Englishman River and storage is in Arrowsmith Lake.
- (b) The point of diversion and storage site are located as shown on the attached plan.
- (c) The date from which this licence shall have precedence is 10th August, 1995.
- (d) The purposes for which this licence is issued are storage and waterworks.
- (e) The maximum quantity of water which may be held in storage is 7,300 acre feet per annum and the maximum quantity of water which may be diverted for waterworks purpose is 1,540,000,000 gallons per annum, at a rate not to exceed 10,550,000 gallons per day.
- (f) The period of the year during which the water may be diverted into storage is the whole year; and the period of the year during which the water may be used for waterworks purpose is the whole year, subject to the water being available from storage during the period 1st June to 31st October.
- (g) The licensee shall release adequate water from storage in Arrowsmith Lake during the period 1st June to 31st October to fully support the diversion of water from the Englishman River for waterworks purpose.
- (h) The land upon which the water is to be used and to which this licence is appurtenant is all lands within the Regional District of Nanaimo, City of Parksville, and Town of Qualicum Beach.
- (i) The works authorized to be constructed are dam, diversion structure, pumps, and pipe which shall be located approximately as shown on the attached plan.
- (j) A flow measuring device acceptable to the engineer under the Water Act, shall be incorporated into the works at the source.
- (k) The intake shall be adequately screened to prevent debris and fish from entering the works.
- (l) Construction of the dam authorized in Clause (i) hereof, shall not be commenced until plans prepared by a professional engineer registered in British Columbia, have been submitted to, and leave to commence construction granted, by the engineer under the Water Act.
- (m) The licensee shall make releases of water past the dam authorized under clause (i) hereof, and shall maintain flows in the Englishman River as directed by the engineer under the Water Act.
- (n) The diversion of water authorized under this licence may be regulated at any time by an order in writing of the engineer under the Water Act in order to maintain a minimum flow in the stream.
- (o) The construction of the said works shall be completed and the water beneficially used, on or before the 31st day of December, 2000.
